Clinics are for children Pre-K – 12th grade. Students wanting the H1N1 vaccine must attend the clinic being held for their school district. Children attending Parochial or Private Schools in Cayuga County can attend the clinic in their home district.

There is no pre-registration necessary for these clinics. The necessary consent forms and vaccine information sheets will be available at each clinic for the child's parent or guardian to review and sign. Vaccine information sheets and an example of the vaccine consent form are available to view on the Cayuga County Health Department website.

School districts will be sending out more information regarding each clinic. If a clinic needs to be rescheduled parents will be notified via the school district notification method. The cancellation will also be posted on the Cayuga County Health Department website.

Anyone with questions or concerns can call the Cayuga County Health Department at 315- 253-1560.

Our Web site will be updated as necessary and a list of all our scheduled clinics will be posted on the site. The Cayuga County Health Department Web site: <http://co.cayuga.ny.us/hhs/doh/index.htm> .

The Cayuga County flu hotline number is 315-253-1157. This is a recorded message and will be updated as necessary.
